# Certificate III in Commercial Cookery

**Cook up a storm and create something deliciously different using a range of food preparation skills.**

With access to fresh produce and some of the most interesting ingredients of South Australia, cook a range of quality menu dishes with distinct and bold flavours. The world is your oyster.

Create the flavours of your own future. Whether it's sweet or savoury, or a particular cuisine, we work with you together to help find where your true passion lies. This course is all about experimenting and expanding your knowledge to take your cookery skills to the next level.

With teachers from different backgrounds and professional upbringings, gain insight and a wealth of knowledge from their experience in the industry. Be inspired by their stories and learn invaluable lessons that you can take with you along your journey.

We have a hands-on approach to our teaching and encourage you to get involved as you immerse yourself in what you enjoy most.

**With an endless list of ingredients and a range of modern cooking technologies, find out what flavours and techniques excite you the most.**

Get a taste of working in the real world. Learn to work efficiently and independently on tasks, especially when the kitchen becomes a fast paced environment.

Learn to manage time effectively to ensure that every dish is on-time and of the highest quality.

Many career pathways can result from this qualification, which will allow you to work in organisations such as restaurants, hotels, motels, pubs, cafés, and coffee shops, among other spaces.

Potential Career Outcomes:

- Breakfast Cook
- Catering Assistant
- Fast Food Cook
- Takeaway Cook

During this course, you can also gain employment through one of our industry partners. If you would like to learn more, get in touch with us via the details below.
